Having access to the latest technology when and where they need it can help give students the very best chance of success in and beyond the classroom. But, for parents, making that investment can be a struggle and the equipment they choose may not always be in line with the School's existing systems and infrastructure.

The Equipment on Offer

The programme is geared towards Windows devices as these are most suited to integrate with our pre-existing infrastructure.

Our preferred device is the Acer Travelmate Spin B1, which come with a protective case, warranty in case of any technical problems, as well as insurance for accidental damage and theft.

How Technology Supports Learning

Independent academic research undertaken in Scotland during 2013 by the University of Hull found that:

- The ownership of a personal mobile device facilitates many of the pedagogical aspirations set out in Scotland's Curriculum for Excellence framework.
- The adoption of personal mobile technologies significantly increases access to technology for students, bringing many benefits for learning including greater motivation, engagement, parental involvement, and understanding of complex ideas.

How The Device is Funded

Parents enter into fixed monthly payments with the following benefits:

- Spread payment with no personal credit check.
- Significant savings vs the high street.
- Fully warranted for internal failure for three years.
- Fully insured for accidental damage and theft (ADT) for the three years.
- The device becomes yours at the end at no extra cost

How to order

Visit our online ordering portal with the credentials below.

If you experience any difficulty logging in, please contact the Tech 4 Learners support team on 0203 857 5630.

Ordering deadline (website closed)

3rd September 2017

First direct debit taken (confirming orders placed with direct debit)
If payment made in full, order confirmed upon receipt of funds

25th September 2017

Devices delivered to school and distributed to students.
Further details will be available closer to the time.

October 2017

Acer Travelmate Spin B1

Classroom learning involves a diverse array of subjects, learning environments and teaching methods; therefore the TravelMate Spin B1 convertible notebook is an ideal fit for the wide-ranging needs of students and teachers alike. It features four versatile modes that facilitate all aspects of classroom learning, including Stand and Tent modes for group projects and sharing, Tablet mode for learning on the move in labs or during field trips, and Laptop mode for everything else. The notebook sports a Full HD touch screen for intuitive operations and engagement with webpages and apps.

The body has shock-absorbent rubber frame, pressure resistant screen and spill resistant keyboard, that can handle the rough-and-tumble of the classroom, and battery life of up to 13.5 hours powers through a full day of school and beyond for uninterrupted learning.

Two models are available, an Intel Celeron N3450 (pricing shown below), and an Intel Pentium N4200. Both models are supplied with a Belkin slip case, 36 months extended warranty and accidental damage and theft insurance, with no excess.

FAQs

How long can I spread the payments over?

The terms available are 12, 24 or 36 months. There is also an option to pay in full available.

What happens at the end of the agreement?

On your final payment the device becomes yours.

Will there be any credit checks?

No, everyone is approved and there aren't any credit checks.

What is the excess on the insurance policy?

There is no excess on either the insurance or warranty and you will receive the policy details with your device.

How do I make an insurance or warranty claim?

You will be provided with a policy and claims document detailing how to make a warranty or insurance claim.

How long do repairs take?

Repairs are handled on a case by case basis, and the turnaround depends on the nature of the damage or fault. The most common damage is a cracked screen which, once reported, should be picked up, repaired and returned within 7 to 10 working days.

Can my child use the device at home?

Yes, the student can use the device to further enhance their learning and we recommend that you set the security settings on your Wi-Fi accordingly.

How many devices can I order?

One device per student at the School.

Tech 4 Learners is a service provided by Freedom Tech Ltd.
Registered in England & Wales: 08063412. 1-2 Broadgate
Circle, 2nd Floor, London EC2M 2QS

When will my child receive the device?

The deadline for orders is the 3rd of September 2017. Your first direct debit will be collected on 25th September 2017. Devices will be delivered to the School and distributed to students in October.

What happens if I miss a payment or can no longer afford the device?

You will have to return the device; you will not own the device until the final payment is made.

What if I cannot afford to join the scheme?

Financial assistance may be available. Please contact the School to discuss options at headoftechnology@bridgnorthendowed.co.uk.

What if I have two children who need devices?

There is some financial assistance for purchasing additional devices for siblings. Please contact the School to discuss the options available at headoftechnology@bridgnorthendowed.co.uk.

Can my child bring my own device that I have already purchased?

No, for a device to be used within the School it must be purchased through this programme as it is approved and compatible with all school systems.

What if my child leaves the school?

You must pay any outstanding payments to take ownership of the device.
